Definitions :

Toilée = With Fabric Backing Cloth

Sans Toile = Without Fabric Backing Cloth

Longueur en mètres = Length in metres

The fabric cloth is attached to the back of the cushion, and helps when attaching it to the rail.

KLEMATCH® P 37

Applications

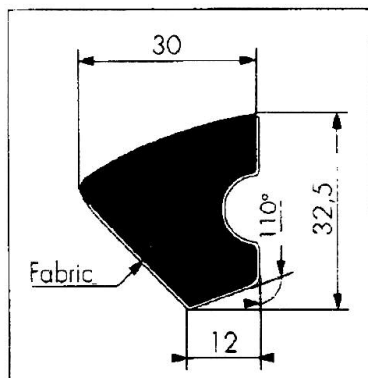

Billiard table cushions for deluxe and competition models

Advantages

- Fabric-covered four-sided sections designed for maximum rebound, easy fitting and high resistance to accidental crushing
- High-grade, pure gum rubber, with excellent physical properties for optimum performance
- A clean, regular profile obtained by an efficient moulding and vulcanising process with hand finishing

Description

- A four-sided profile made of natural grey rubber covered with raw fabric on three sides

Technical Data

- Shore A hardness: 43 ± 3
- Rebound resilience (according to DIN 53512): $75\% \pm 5\%$
- Rebound resilience of the end product (according to KLEBER method): $75\% \pm 5\%$
- Dimensions (see drawing opposite)

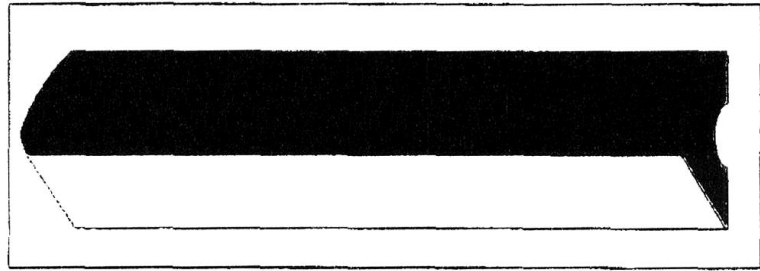

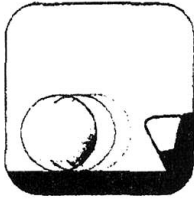

Availability

- Nominal lengths available
2.10 – 2.30 – 2.55 – 2.85 – 3.00 metres
- These lengths are delivered with sufficient allowance for fitting adjustments
- Other lengths can be supplied upon request

Fitting Recommendations

- Cut the KLEMATCH P37 cushions in a mitre box, with a smooth long-blade knife lubricated with soapy water
- Note that the two bearing surfaces form an angle of 110°
- Please consult us for special applications

KLEMATCH® P 59
